**Good Quality Product**

At last, a robust pop-up gazebo that is sturdy and rain resistant. Pre-sales service, advice and information was great. Did not try to push me to buy more expensive model.

Product ordered and delivered next day. Easy to put up with simple instructions. A quality product. Thank you.

**Still up after 3+ years!**

I have had my tent up for nearly 4 years!! I put it up for my birthday and never took it down. In the meantime it has survived a few storms and given us a great extra space to BBQ or do DIY stuff even in the dead of winter. I have had to order a replacement canopy, but the structure is perfect and solid till now. I can thoroughly recommend their tents.
